SET DESIGN

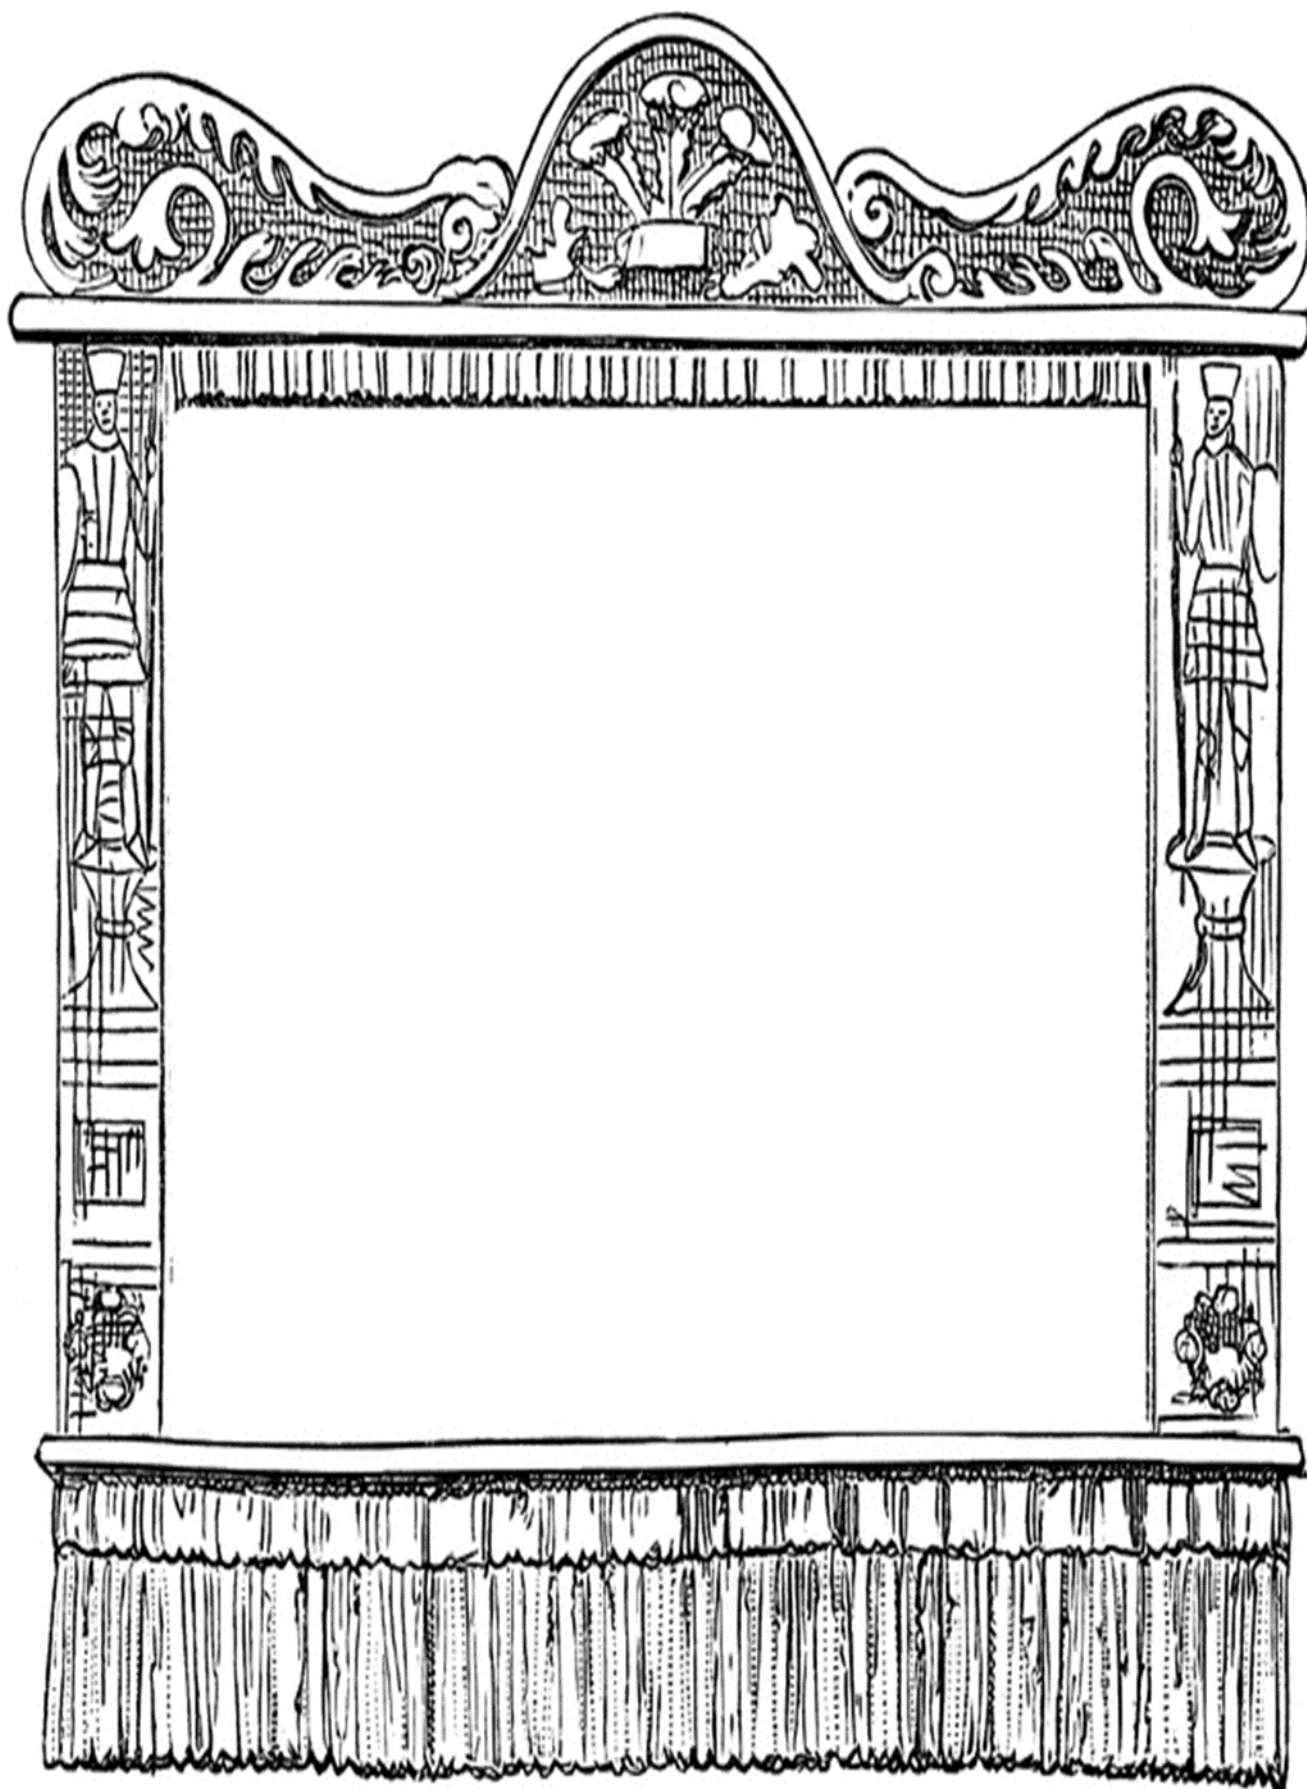

DESIGN

Before a play is performed a Set designer works on the stage and how effective it will look for the audience.

Below is a basic template for you to work on your own set design. Choose a play which you are familiar with or a story and create a design.

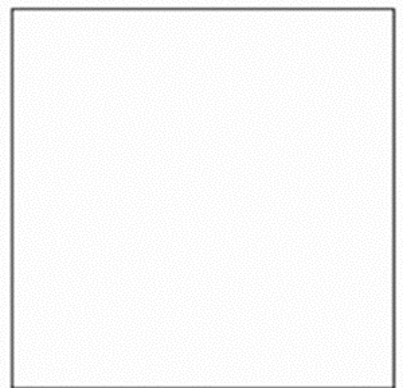

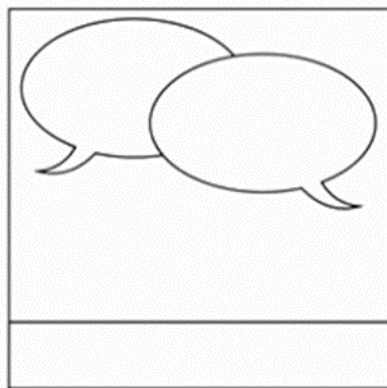

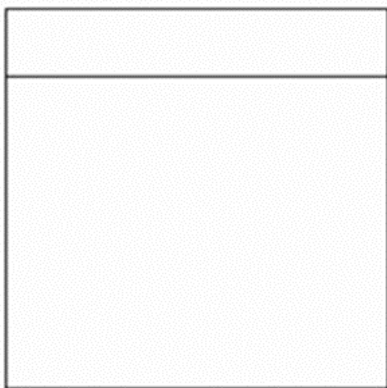

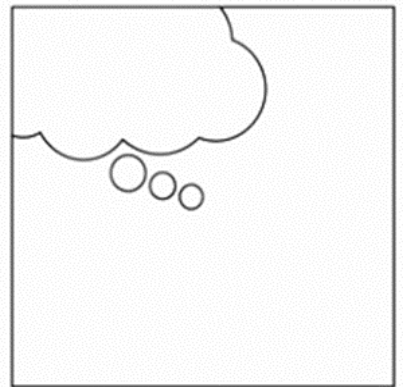

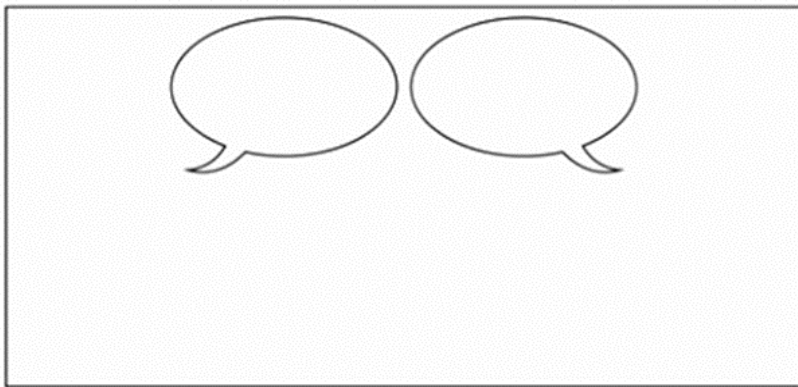

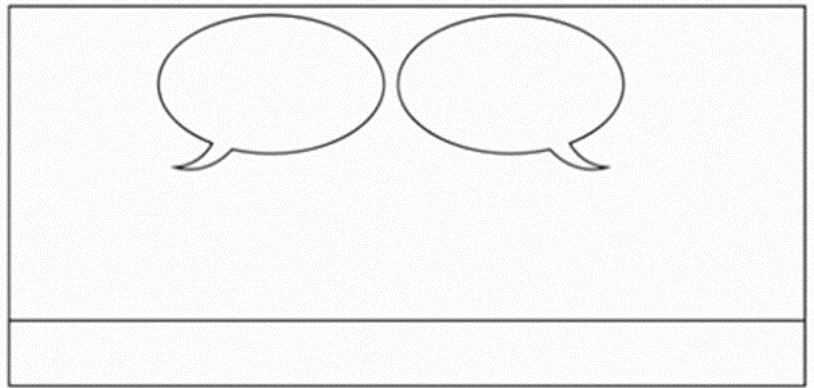

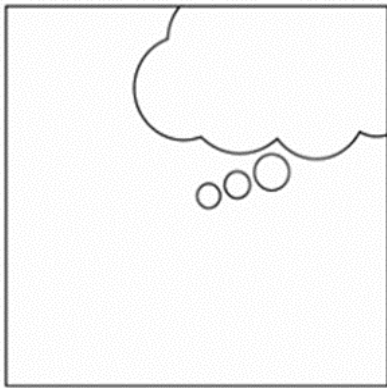

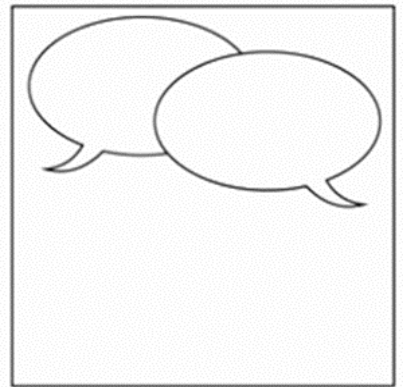

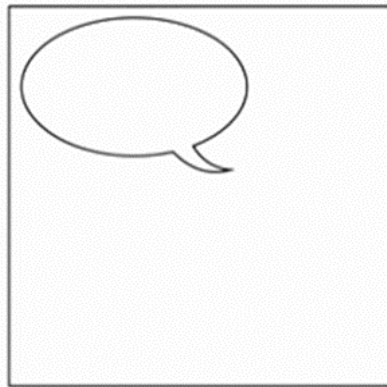

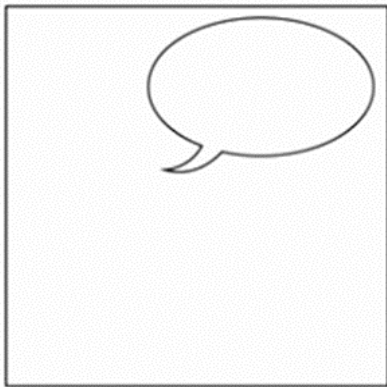

If you have materials at home and an old box you may like to go one further and design a 3-dimensional design however in these difficult times you may not be able to source this so don't worry.

Please label all the items on your stage and it would be a very good idea if you gave a clear description of it.

All good plays are based on a good plot. To plan this, create a story board on the next page. You can create your own story or plan it on a well-known fairy tale, play or film.

Shakespeare	Today
Fair play	
Fancy free	
Fight fire with fire	
Foul play	
Good riddance	
Green eyed monster	
Dish fit for gods	
A sorry sight	
All's well that ends well	
As dead as a doornail	
One fell swoop	
High time	
The be all and end all	
All that glitters is not gold
