Catholic Life of the School:

Catholic Life of the School:

The Physical Education department ensure our children strive to perform as global Catholic Citizens and demonstrate their faith through the manner in which they treat one another demonstrating skills and qualities such as respect, compassion, team work and leadership.

In Physical Education our pupils are taught the lesson of 'solidarity', this is demonstrated through working together as a team.

Pupils are also taught the lesson of 'rights and responsibilities', this is demonstrated when pupils are given certain roles with a team and to know their rights and responsibilities.

Pupils are also tasked with 'participation', we expect all children to participate during lessons to the best of their ability to reach their full potential.
