

# A World with No Internet!

## Amazing Fact

In one minute on the Internet there are:

- 150,000 Facebook messages sent;
- 4 million YouTube videos watched;
- 457,000 Tweets sent;
- 3.5 million Google searches\*

## Challenge

Imagine there was no Internet.

What would it be like?

Write your thoughts on the screen.

Would it be terrible or would you have more time to do other things?

You could also try to find out:

- how the Internet was started;
- how much time, per week, people spend on the Internet;
- how many people in the world don't have access to the Internet.
